Colour and quality: the guidelines of this new Giaretti range. Deep shaped heavy pans made in 3 mm level of thickness, offering big capacity for stirfrying and to prepare fantastic sautées. Small designs decoration realized in 4 different fluorescent colours packed assorted in the master carton. Bright and shining handles, each painted in the same colour of the pan. Absolutely eye-catching when displayed all together. The base is 2 speed partially machined, matching the aluminium flameguard, with printed central logo. Neon line: when professionalism and joy of life walk together!

EXTRA DEEP SHAPE: 80% higher capacity
