Technical Information	
Material	Coated Aluminum
Shape	Deep drawing
Coating process	Roller
Handle type	Black bakelite, removable, red button
Handle fixing	Rivets + socket
Outer coating	Silicone laquer
Colour	Metal dark blue
Base finishing	2-speed machined + logo
Label type	Wrap-around

Line of deep frying pans with a great capacity. Good thickness for excellent heat diffusion. New design extractable handle, black with a red button, which allows use of the pan in the oven and saves space in dishwashers and drawers. Thickness of aluminium 2.5 mm approx. Black nylon handle with red button, galvanized metal mount. Toughened glass lids with a stainless steel rim. Colour: metallized blue. Suitable for gas, electric and glass ceramic hobs.
